Air Protection Branch

BRANCH CHIEF James A. Capp
 Administrative Operations Manager: Lou Ann Holder
 4244 International Parkway, Suite 120
 Atlanta, GA 30354-3906
 Phone: (404) 363-7000 Fax: (404) 363-7100

AMBIENT MONITORING Susan Zimmer-Dauphinee, Program Manager
<ul style="list-style-type: none"> ◆ Meteorology Unit (Bill Murphey) ◆ Data Analysis Unit (Janet Aldredge-Byars) ◆ Operations Unit (Orette Ferdinand) ◆ Quality Assurance Unit (Alex Yang)
<ul style="list-style-type: none"> • Conduct ambient monitoring for acid rain, air toxics, volatile organic compounds (VOCs), lead, ozone, sulfur dioxide, carbon monoxide, nitrogen dioxide, particulate matter, and meteorological conditions • Measure levels of air pollutants throughout the state • Use data to determine compliance with ambient air quality standards • Use data to evaluate the need for special controls and to assist with citizen inquiries • Maintain and report the air pollution indices
4244 International Parkway Suite 120 Atlanta, GA 30354-3906 Phone: (404) 363-7006 Fax: (404) 363-7100

INDUSTRIAL SOURCE MONITORING Ross Winne, Program Manager
<ul style="list-style-type: none"> ◆ Chemical & Volatile Organic Compound Source Monitoring Unit (Richard Taylor) ◆ Combustion & Mineral Source Monitoring Unit (DeAnna Oser) ◆ Data Management Unit (Brian Gregory)
<ul style="list-style-type: none"> • Specify and approve stationary source emissions monitoring and testing procedures • Help to ensure adequate permit conditions and actions regarding source monitoring and testing issues • Audit required stationary source emissions testing and required instrumentation to monitor compliance at industrial facilities • Observe and certify all acid rain emission continuous monitors
4244 International Parkway Suite 120 Atlanta, GA 30354-3906 Phone: (404) 363-7053 Fax: (404) 363-7100

MOBILE AND AREA SOURCES Pamela Earl, Program Manager
<ul style="list-style-type: none"> ◆ Engines & Fuels Unit (William Cook) ◆ Vehicle Emissions Inspection/Maintenance Unit (Tim Smith) ◆ Public Affairs Unit (Kelley Nardell-Powell) ◆ Enforcement Unit (Larry Cooper)
<ul style="list-style-type: none"> • Implement enhanced vehicle emissions inspection and maintenance program • Implement clean fueled fleets program • Implement Georgia Gasoline program • Ensure compliance with Stage I and II gasoline recovery rules • Address NAAQS nonattainment area issues, including developing and implementing mobile and area control strategies • Handle public affairs and news media relations for the Air Protection Branch • Implement public participation plans • Implement voluntary mobile emission reduction activities through The Clean Air Campaign
4244 International Parkway Suite 136 Atlanta, GA 30354-3906 Phone: (404) 363-7028 Fax: (404) 362-2534

Air Protection Branch (continued)

BRANCH CHIEF James A. Capp
 Administrative Operations Manager: Lou Ann Holder
 4244 International Parkway, Suite 120
 Atlanta, GA 30354-3906
 Phone: (404) 363-7000 Fax: (404) 363-7100

PLANNING AND SUPPORT Jimmy Johnston, Program Manager	STATIONARY SOURCE COMPLIANCE Lou Musgrove, Program Manager	STATIONARY SOURCE PERMITTING Eric Cornwell, Program Manager
<ul style="list-style-type: none"> ◆ Administrative and Financial Management Unit (VACANT) ◆ Data and Modeling Unit (James Boylan) ◆ Planning and Regulatory Development Unit (James Kelly) 	<ul style="list-style-type: none"> ◆ Air Toxics Unit (Karen Hays) ◆ Chemicals/Minerals Unit (Doug Waldron) ◆ Volatile Organic Compound/Combustion Unit (James Eason) 	<ul style="list-style-type: none"> ◆ Chemical Permitting Unit (Dave Matos) ◆ Combustion Permitting Unit (John Yntema) ◆ Minerals Permitting Unit (Hamid Yavari) ◆ Nitrogen Oxides Permitting Unit (Furqan Shaikh) ◆ Volatile Organic Compound Permitting Unit (Manny Patel)
<ul style="list-style-type: none"> • Develop state implementation plans and air quality rules for attainment of federal air quality standards • Develop control strategies for air quality attainment plans • Develop emissions and air quality modeling for air quality planning and computer dispersion modeling for permit reviews • Develop and maintain periodic emission inventories for area sources and on-road and non-road mobile sources • Establish and collect air permit fees • Manage all Air Branch financial functions 	<ul style="list-style-type: none"> • Conduct inspections of stationary sources of air pollution (includes combustion, chemical, mineral and VOC sources) • Enforce Air Quality Control Rules for combustion, chemical, mineral, and VOC sources • Ensure that sources of air toxics are in compliance with air toxics rules • Respond to citizen complaints about air quality problems • Provide compliance assistance to newly regulated sources subject to air toxics rules 	<ul style="list-style-type: none"> • Review applications and issue air quality permits for new and modified industrial and other stationary sources of air pollution • Review applications and issue Title V air pollution permits and Synthetic Minor source permits
4244 International Parkway Suite 120 Atlanta, GA 30354-3906 Phone: (404) 363-7012 Fax: (404) 363-7100	4244 International Parkway Suite 120 Atlanta, GA 30354-3906 Phone: (404) 675-6088 Fax: (404) 363-7100	4244 International Parkway Suite 120 Atlanta, GA 30354-3906 Phone: (404) 363-7000 Fax: (404) 363-7100

Land Protection Branch – Floyd Tower Offices

BRANCH CHIEF: Mark Smith

Administrative Operations Manager: Deborah Moore

2 Martin Luther King Jr. Drive, SE Suite 1154 East Floyd Tower

Atlanta, GA 30334-9000

Phone: (404) 656-7802

Fax: (404) 651-9425

HAZ. WASTE CORRECTIVE ACTION
Jim Brown, Program Manager
<ul style="list-style-type: none"> ◆ Facility Restoration Unit (Jim McNamara) ◆ Remedial Sites Unit (John Fonk) ◆ Risk Assessment Unit (Shannon Lund)
<ul style="list-style-type: none"> • Post-closure permitting, compliance monitoring, and enforcement at closed hazardous waste land disposal facilities • Review cleanups for privately-owned/operated National Priorities List sites • Perform risk assessments for both human health and ecological impacts • Review delisting petitions
2 Martin Luther King Jr. Drive Suite 1154 East Atlanta, GA 30334-9000 Phone: (404) 656-7802 Fax: (404) 651-9425

RESPONSE & REMEDIATION
Alexandra Cleary, Program Manager
<ul style="list-style-type: none"> ◆ Response Administration Unit (Donney Hannah) ◆ Response Development Unit (Jason Metzger, Acting) ◆ Response Management Unit (Vacant) ◆ Superfund Management Unit (David Reuland) ◆ Release Notification Unit (David Brownlee)
<ul style="list-style-type: none"> • Administer the State Superfund • Publish the Hazardous Sites Inventory (HSI) each year • Collect hazardous and solid waste management fees • Take enforcement actions requiring responsible parties to do site investigations and cleanups • Oversee HSI sites being investigated and cleaned up by responsible parties • Require notification for releases of hazardous substances • Clean up HSI sites using Hazardous Waste Trust Fund when responsible parties are unwilling or unable • Pursue cost recovery against responsible parties when Hazardous Waste Trust Fund has been used • Fund state and local government costs associated with investigating and cleaning up solid waste handling facilities • Conduct preliminary assessments and site evaluations for the federal Superfund program
2 Martin Luther King Jr. Drive Suite 1462 East Atlanta, GA 30334-9000 Phone: (404) 657-8600 Fax: (404) 657-0807

Land Protection Branch – Floyd Tower Offices (continued)

BRANCH CHIEF: Mark Smith

Administrative Operations Manager: Deborah Moore

2 Martin Luther King Jr. Drive, SE Suite 1154 East Floyd Tower

Atlanta, GA 30334-9000

BROWNFIELDS PROGRAM

**Madeleine Kellam,
Unit Coordinator**

(Reports directly to Branch Chief)

- Oversees cleanup of contaminated property conducted by private parties under the Georgia Hazardous Site Reuse and Redevelopment (“Brownfields”) Act
- Issues limitation of liability certificates for brownfields properties where cleanups have been completed
- Reviews and certifies brownfields cleanup costs eligible for property tax abatement
- Maintains Georgia’s public records for brownfields properties

2 Martin Luther King Jr. Drive
Suite 1154 East
Atlanta, GA 30334-9000
Phone: (404) 656-7802
Fax: (404) 651-9425

HAZARDOUS WASTE SUPPORT UNIT

**Verona Barnes,
Unit Coordinator**

(Reports directly to Branch Chief)

- Assign EPA identification numbers for hazardous waste facilities
- Maintain EPA RCRAInfo National database for Georgia facilities
- Collect hazardous waste generation and management information for National Hazardous Waste Report (Biennial Report)
- RCRA Rules revisions and EPA authorization for program operations

2 Martin Luther King Jr. Drive
Suite 1162 East
Atlanta, GA 30334-9000
Phone: (404) 656-7802
Fax: (404) 651-9425

Land Protection Branch – Tradeport Offices

BRANCH CHIEF: Mark Smith

Administrative Operations Manager: Susan Davis

4244 International Parkway, Suite 104

Atlanta, GA 30354-3906

Phone: (404) 362-2537

Fax: (404) 362-2580

SOLID WASTE MANAGEMENT Jeff Cown, Program Manager
<ul style="list-style-type: none"> ◆ Commercial / Industrial Solid Waste Unit (Vacant) ◆ Municipal Solid Waste / Surface Mining Unit (Susan Wagner) ◆ Solid Waste Compliance Unit (Christy Kehn-Lewis) ◆ Municipal Solid Waste Unit (Melanie Henry) ◆ Closed & Abandoned Landfill Unit (Mike Kemp)
<ul style="list-style-type: none"> • Review applications and plans for solid waste handling facilities (including landfills, incinerators, materials recovery facilities, compost facilities) and issue permits for solid waste handling facilities • Conduct compliance inspections for industrial solid waste facilities • Coordinate Landfill Operator Certification Program • Review applications, approve surface mining land use plans and issue surface mining permits • Review and approve bonding requirements for surface mining operations and ensure reclamation of completed mining operations • Review remediation plans and analyses of ground water, surface water and methane monitoring at solid waste handling facilities • Review site suitability reports for solid waste handling facilities • Review corrective action plans for ground water and methane compliance violations
4244 International Pkwy Suite 104 Atlanta, GA 30354-3906 Phone: (404) 362-2692, -2696 Fax: (404) 362-2693

UNDERGROUND STORAGE TANK MANAGEMENT Derrick Williams, Program Manager
<ul style="list-style-type: none"> ◆ Corrective Action Unit I (Darnell Manning) ◆ Corrective Action Unit II (Lisa Lewis) ◆ Regulatory Compliance Unit (Richard Strickfaden) ◆ Trust Fund Coordination Unit (Susie Kocsis) ◆ Petroleum Industry Regulatory Team (Shaheer Muhanna) ◆ Data Management Unit (Robin Freeman)
<ul style="list-style-type: none"> • Conduct compliance inspections and enforcement of regulations for installation, operation, closure, and clean up of petroleum and hazardous substance underground storage tank (UST) systems • Enforce spill, overfill, and corrosion protection requirements • Ensure compliance with Stage I and II gasoline vapor recovery rules at gasoline filling stations • Ensure annual registrations of operating UST systems • Review and approve UST closure reports and corrective action plans • Provide corrective action contractors for cleanup of eligible UST facilities • Administer the Georgia Underground Storage Tank and Leaking Underground Storage Tank Trust Funds • Responsible for compliance monitoring and inspections at all USTs located in the 13 county Metro Atlanta air non-attainment area. Inspections include evaluations of compliance with both the underground storage tank rules and air quality rules.
4244 International Pkwy Suite 104 Atlanta, GA 30354-3906 Phone: (404) 362-2687 Fax: (404) 362-2654

WASTE REDUCTION & ABATEMENT Lon Revall, Program Manager
<ul style="list-style-type: none"> ◆ Lead-based Paint & Asbestos (LBP&A) (Mindy Crean) -Certification/Accreditation Team (Marcus Mincey) -Compliance/Enforcement (William Spain) ◆ Scrap Tire Management (STM) (Winthrop Brown) ◆ Waste Reduction Unit (WRU) (Stephanie Busch) ◆ Facility & Fileroom Management (Charlotte Mascaro)
<ul style="list-style-type: none"> • Issue generator identification numbers, carrier permits, and processor approvals for scrap tire handlers • Use state contractors and grants to clean up scrap tire piles • Assist local communities with solid waste planning and education • Issue scrap tire clean up and education / enforcement grants to local governments • Administer the Solid Waste Trust Fund • Certify lead-based paint contractors • Accredit lead-based paint and asbestos training providers • Impose and enforce work standards for lead-based paint and asbestos abatement projects • License contractors to remove friable asbestos • Enforce training requirements for asbestos supervisors and asbestos contractors
4244 International Pkwy Suite 104 Atlanta, GA 30354-3906 Phone: (404) 363-7026 (LBP&A) Fax: (404) 362-2563 (LBP&A) Phone: (404) 363-7027 (STM & WRU) Fax: (404) 362-2550 (STM & WRU)

Program Coordination Branch

BRANCH CHIEF: James A. Sommerville

ECO-TIPS – for Georgia's Environment

TO IMPROVE OUR AIR AND REDUCE GLOBAL WARMING:

- ◆ Car pool, van pool, use transit, telework, bike or walk when possible. Cars are the largest cause of our air pollution in most urban areas of Georgia. When you do use your car, plan ahead and combine trips and errands. If you are buying a new car choose a fuel efficient and low emitting model.
- ◆ Properly maintain your vehicle and keep tires properly inflated.
- ◆ Limit idling when possible, avoid quick starts and drive within the speed limit.
- ◆ Refuel cars after 6:00 pm to limit daytime pollution releases and don't top off your tank.
- ◆ Keep lawn equipment and boats tuned up. Do not use lawn mowers and other gas powered lawn tools on a smog alert day, or use electric tools instead.
- ◆ Use electric or natural gas grills instead of charcoal and lighter fluids.
- ◆ Use environmentally-safe paints and cleaning products. Delay use of oil-based paints until after 6:00 pm or after smog season.
- ◆ Conserve energy and turn off lights when you aren't using them. Set air conditioners to 78°F or higher or use a fan when possible. When buying a new appliance, think of buying one that is energy efficient.
- ◆ Remember most of the energy we use comes from the burning of fuel. The more energy efficient we are, the less we pollute.

TO CONSERVE OUR WATER AND PREVENT POLLUTION OF RIVERS & STREAMS:

- ◆ Install ultra low-flow plumbing devices and fixtures. Replace worn out washers on leaky faucets.
- ◆ Take shorter showers. Five minutes or less is probably adequate.
- ◆ Do not use the toilet as a trash can. Each flush uses about 5 gallons.
- ◆ Turn the water off while shaving or brushing teeth. Don't let it run while you're washing your car.
- ◆ Replace leaky toilet valves (a "running toilet" between flushes). You may be losing more than 250 gallons a day.
- ◆ Wash only full loads of clothes and dishes.
- ◆ Don't run the tap to get a cool glass of water.
- ◆ Minimize lawn and garden watering. Water trees, lawns and shrubs slowly to prevent runoff.
- ◆ Participate in a cleanup event (annual river cleanup held each October) or local Adopt-A-Stream program. For information call 1-888-373-5947 (toll free).
- ◆ Buy household products labeled non-toxic, non-phosphorous or water-soluble. Toxic chemicals can harm stream life. Phosphorous can promote excessive growth of weeds and algae.
- ◆ Dispose of trash properly. Styrofoam and plastics can kill fish and wildlife and contaminate water sources.
- ◆ Inspect septic tank system annually. Pump it out every 3-5 years.
- ◆ Do not dispose of solvents, hazardous chemicals or waste in storm or home drains.
- ◆ Use pesticides, herbicides, and fertilizers carefully and sparingly and only when other methods have failed. Do not apply if rain is in the forecast. Remember, anything entering a storm drain goes directly into streams, untreated.
- ◆ When watering lawn and garden, divert garden hoses from paved surfaces onto grass.
- ◆ Do not dump used motor oil or antifreeze down storm drains. Take used motor oil and antifreeze to designated recycling centers.
- ◆ Have your car inspected and maintained regularly. Leakage of fluids will eventually reach the nearest stream.
- ◆ Report any suspicious potential pollutant discharge or illegal dumping activity. Call 1-800-241-4113 (toll free).

TO PROTECT OUR LAND RESOURCES:

- ◆ Choose products and containers that are recyclable. Participate in a community recycling drive or curbside program.
- ◆ Reuse or recycle newspaper, boxes, brown paper bags, packaging peanuts and other packaging materials. Wash and reuse glass and plastic jugs, coffee cans and dairy tubs.
- ◆ Reduce the amount of unnecessary packaging. Buy products that are reusable or packaged in bulk, or buy the large economy size.
- ◆ When possible use rechargeable batteries. This practice will help eliminate toxic metals in soil and ground water.
- ◆ Make sure your vehicle is well maintained and isn't leaking any fluids. Petroleum products can contaminate the soil and ground water.
- ◆ Try using natural household cleansers, such as soap & water, instead of chemical cleansers. If you do need to use products with hazardous components, follow instructions carefully. Any unused portion can be shared with neighbors or donated to businesses and charities or recycled. Do not pour them down the drain or on the ground.
- ◆ Maintain and repair durable products and keep appliances in good working order. Buy high-quality, long-lasting tires, and follow maintenance procedures. This will extend tire life and reduce tire waste.
- ◆ Leave mowed grass clippings on the lawn to decompose and add nutrients to the soil. Start a compost pile with leaves, grass and shrub clippings, and some non-meat food scraps.
