Public Meeting and Hearing On Draft Permit for LHR Farms Postponed Due to Winter Weather

The Georgia Environmental Protection Division (EPD) has postponed the public meeting and hearing scheduled for 6:30 p.m. on January 7, 2010 at the Mossy Creek Elementary School located at 3138 Westmoreland Road, Cleveland, Georgia due to winter weather. The National Weather Service issued a winter weather advisory that resulted in the White County School System announcing early release and school closures.

The subject of the meeting and hearing is a Draft Land Application System (LAS) permit for LHR Farms, Inc. located at 425 Joe Turner Road, Cleveland.

The public meeting and hearing have been rescheduled for February 16, 2010 at the same time and location. Public notice(s) will be forthcoming.

Please contact Dominic Weatherill at (404) 675-6000 for further details.
